OIL AND GAS DEVELOPMENT OF TRI-STATE

Latest Reports of Operations in West Virginia, Pennsylvania and Ohio.

Eastern operators have a difficult problem to solve. All are anxious to drill for new production and none know where is the most likely spot or place to look for it. The old fields have been nearly drilled over and the sections that have no production so thoroughly tested that there is scarcely any hope for producing wells. All of the late completions in the south-west Pennsylvania fields have come in dry, except those located inside of producing limits. Since the market has advanced a number have gone to the mid-continent fields and will try for new production in that country. The chances are regarded as more favorable and territory can be secured in larger blocks than in the East.

In the eastern fields West Virginia has more territory that has not been developed and is known to be good for small wells. The W. S. Edwards Oil Company's No. 3 on the George E. Bryant farm, located on Pinch creek is producing ten barrels a day from the Weir sand. In the same district, the South Penn Oil Company is due in the sand at a test on the M. Vykens farm.

In Salt Lick district, Braxton county, the South Penn Oil Company drilled No. 4 on the L. W. McNair farm through the salt sand. It is a seven-barrel pumper in that formation at a depth of 1,618 feet. There is some new work starting in this and other districts. The West Virginia Oil Company is due in the salt sand at a test on the W. W. Shaver farm on the right fork of Steer creek. On the same stream, the same parties are drilling a test on the J. C. Garwig farm. G. L. Shrader is due in the sand at a test on the C. N. Snodgrass farm.

Duster in Pleasants County. On Middle Island creek, Union district, Pleasants county, the New York Oil Company drilled its test on the M. Kidder farm through all sands. It is a duster and will be abandoned. In the same locality, the Eagle Run Oil Company is due in the sand at No. 9 on the Allen Holden farm. White and Hall will be due to get the sand this week at No. 5 on the Riggs Brothers farm.

ALBERT GOUGH OF NEAR PARKERSBURG FOR NERV-WORTH

Man Well Known Here Gives Wonderful Evidence of Tonic's Power to Cure.

Among the very large number of Nerv-Worth endorsements given at Parkersburg during the phenomenal campaign which is still on there in full force the following from Albert Gough, of route five here, was one of the most convincing. As Mr. Gough is well and favorably known to Clarksburg readers his statement will be read with keen interest.

"I have suffered twenty years with rheumatic and nervous disorders. At times I have nervous cramps in my legs and arms. The leaders would puff out and stand out, which would be very painful. These pains would be mostly at night. Many nights in this long period I would not close an eye. Sometimes I'd have those cramps in daytime. My appetite during this time was good enough. I had continuous headaches and dizziness for all these years. I doctored all these years and took all kinds of medicine. I have taken one bottle of Nerv-Worth. Have not had one cramp. Sleep fine, feel good in the morning. I cheerfully recommend Nerv-Worth because it's the only medicine that ever did me any good. I am 77 years old."

Remember that the Burke Drug Store sells Nerv-Worth exclusively in Clarksburg and gives your dollar back if the tonic does not help you.—Advertisement.

Anna Held, Morosco-Paramount Star.

Paramount program now at the Robinson Grand theater.
"Madame La Presidente," a three act classic by Maurice Hennequin and Pierre Veber, has long since become one of the standbys of the pleasuring Paris stage. Thanks to the adroitness of the Oliver Morosco producer its sparkle and Gallic joyousness is seen to even better advantage upon the screen than the stage, as will be specially noted in the adventures through which the producer is able to lead the three skylarking junior magistrates of the little town of Gray.

Tomorrow's feature will be "The Chorus Lady."

"Ways of the World" is the first two reel "Flying A" subject to be announced under the new scheme of Mutual Exchange offerings. Vivian Rich and George Periolet are featured.

J. Warren Kerrigan appears in "The Pool of Flame," a five part Red Feather feature, at the Orpheum theater today. The scenes of this great masterpiece which are of oriental

magnificence, are laid in far off India, in the courts of the royalty, and the story is of love and adventure. Mr. Kerrigan is ably assisted by a brilliant cast.

Tomorrow, the mighty spectacle.
